github.com/ptr25 | linkedin.com/in/pranathi-tr-152547278

IIIT Kottayam undergraduate, Smart India Hackathon winner and quantum open-source contributor. Builds software and leads projects spanning security, quantum networks and visual learning.

EDUCATION

Indian Institute of Information Technology Kottayam | 2024 - Present

B.Tech in Computer Science and Engineering | CGPA: 8.9/10

TECHNICAL SKILLS

Languages and tools: Python, C, JavaScript, HTML, CSS, Git, GitHub, Linux

Practice and interests: Data Structures and Algorithms, LeetCode, Codeforces, quantum computing

EXPERIENCE

National Technical Research Organisation | Cybersecurity Intern

- Contribute to cybersecurity research, secure software systems and vulnerability assessment.

Crafx Studio | Web Development Intern

- Develop responsive client websites with HTML, CSS and JavaScript in collaboration with designers.

SELECTED PROJECTS

Automated CCTV Vulnerability Assessment | Smart India Hackathon winner

- Built a vulnerability assessment platform for CCTV cameras and DVRs with network scanning and AI-assisted reporting.

Quantum Teleportation over Noisy Multi-Hop Networks | Team Lead

- Completed a quantum-network study of teleportation reliability and repeater-assisted entanglement swapping, examining fidelity, success rate and latency.

Locii | Shared drawing boards | Live demo

- Developed a shared-board drawing application for collaborative visual work, as an alternative to Excalidraw.

Visualgo | Project Lead | Live demo

- Led an Openverse DSA visualizer project with visual learning, quizzes and practice questions.

More projects and open-source work: github.com/ptr25

LEADERSHIP AND ACHIEVEMENTS

- Lead, Openverse: lead open-source projects; completed multiple quantum open-source contributions.
- Sub Lead, Coders Club: mentor in Python, DSA and competitive programming; organized ICPC and IICPC events at IIIT Kottayam.
- Cedar Initiative, NoxusDynamics (Sep 2026): contributed to Fish Freshness Detection; team achieved 99.62% model accuracy, as reported in the completion certificate.
